

Sagarika Nikhade

Full Stack Web Developer (MERN)

sagarikanikhade073@gmail.com | 9307347736 | sagarika-nikhade-1b137b268 | SagarikaNikhade | Bangalore, India

Summary

Full Stack Developer (MERN) with 2+ years of experience in building scalable web and mobile applications using React.js, Next.js, React Native and Node.js. Skilled in developing responsive user interfaces, RESTful APIs and real-time systems. Experienced in API integration, authentication and performance optimization, with a focus on delivering efficient and user-centric solutions.

Experience

- React/React Native Developer, Supra Fintech Pvt Ltd — Bangalore**05/2025 – 04/2026
 - Engineered and maintained scalable fintech web applications using React Js, Next Js and Node Js
 - Designed and developed RESTful APIs for seamless frontend-backend communication
 - Enhanced backend performance through efficient query design and API handling
 - Enabled real-time data processing and dynamic UI updates
- Junior Software Developer, ATREAN (formerly HUSHL) — Bangalore**12/2023 – 04/2025
 - Contributed to end-to-end development of web applications, building responsive frontends and scalable backend services supporting 1K+ users.
 - Streamlined application performance, reducing load times and enhancing user experience.
 - Collaborated with cross-functional teams to deliver reliable and maintainable solutions.

Projects

- Wallex Platform (Payments & Services App)**
 - Built a scalable multi-service platform for digital payments, travel bookings, bill payments and digital assets using NextJs, React and TypeScript
 - Executed secure end-to-end transaction workflows with Razorpay integration.
 - Refined authentication systems and user dashboards.
 - Delivered responsive, high-performance UI for a production-scale application
- Galleria Foundation (Fundraising Platform)**
 - Enhanced a full-stack nonprofit fundraising platform by optimizing performance and user experience.
 - Built backend services with Node.js and Express Js. Integrating MongoDB and AWS S3 for data and file management.
 - Established secure authentication and donation workflows
 - Automated scheduled tasks using cron jobs for efficient system operations
- DeliveryPlus B2B SaaS Tool**
 - Expanded a centralized dashboard for procurement, user management, COD tracking and logistics operations using React.
 - Handled 100+ daily transactions for 1,000+ users, improving operational visibility.
 - Integrated APIs and optimized workflows across logistics and finance modules.
 - Boosted system efficiency through real-time data insights and workflow enhancements.

Education

- Masai School, Full Stack Web Development (Full Time)**07/2022 – 06/2023
Bangalore
- Ballarpur Institute of Technology, Bachelor of Engineering (Civil Engineering)**07/2015 – 06/2019
Ballarpur
